

BEST AIRCOTECHNIEK

Always the best climate

Daikin

Air conditioning

Cooling in summer, heating in winter. A comfortable, energy-efficient indoor climate all year round with Daikin, the global market leader in climate control. Smart to control, whisper-quiet and reliable.

Daikin wall-mounted model · indoor + outdoor unit, remote control & app

COOLING

HEATING

A+++ EFFICIENT

ONECTA APP

Comfort that works all year round

A modern Daikin air conditioner is much more than cooling for a few hot days. It is a heat pump: in summer it cools and dehumidifies your home, and in spring, autumn and winter the same unit heats quickly and efficiently. So you always have the temperature you want, with the included remote control or via the Onecta app.

Cooling & dehumidifying

A pleasant temperature and less humidity on hot days, fast.

Heating as a heat pump

Affordable supplementary or primary heating, even in frost.

Energy-efficient (up to A+++)

High SEER/SCOP values: lots of comfort for little power.

Smart via the Onecta app

Remote control included; also control and schedule your unit via the app.

Whisper-quiet

From 19 dB(A) in quiet mode: barely audible, even at night.

Comfortable airflow

Smartly controlled vanes distribute the air evenly through the room.

Which model suits you?

All five models cool and heat and run on R32. They differ mainly in efficiency, sound, design and extras such as air purification. On the next page you can see them side by side.

Five models, something for everyone

All Daikin wall-mounted models cool and heat, run on R32 and are controlled with the Onecta app. Below you can compare the key differences between the five models at a glance. Full specifications are on the next page.

SENSIRA ENTRY MODEL	COMFORA BASIC COMFORT	PERFERA MOST CHOSEN	STYLISH DESIGN, COMPACT	EMURA PREMIUM DESIGN
				
The most affordable Daikin: reliable and complete.	Comfortable and efficient, with a whisper-quiet night mode.	The most popular model: very efficient, quiet and with air purification.	Strikingly compact and very efficient, in white, silver or black.	For when the unit may stand out in your interior.

Which Daikin suits you?

	Sensira	Comfora	Perfera	Stylish	Emura
Level	Entry	Basic comfort	Most chosen	Design	Premium design
Energy label cooling (up to)	A++	A++	A+++	A+++	A+++
Energy label heating (up to)	A+	A++	A+++	A+++	A+++
SEER (up to)	6.50	7.30	8.65	8.75	8.75
SCOP (up to)	4.30	4.65	5.10	5.15	5.15
Sound (quiet mode, from)	20 dB(A)	19 dB(A)	19 dB(A)	21 dB(A)	19 dB(A)
Distinctive features	Functional entry model	Night mode whisper-quiet	Flash Streamer + silver filter, sensor	Compact 189 mm deep	Aluminium front premium finish
Finish	White	White	White	White, silver, black	White, silver, black
Available in	2.0 to 6.0 kW	2.0 to 7.1 kW	2.0 to 7.1 kW	2.0 to 5.0 kW	2.0 to 5.0 kW

What do these figures mean?

SEER

Seasonal Energy Efficiency Ratio: how efficiently the unit cools across a whole season. Higher is better.

SCOP

Seasonal Coefficient of Performance: the same, but for heating. Higher is more efficient in winter.

A+++ / A+

The energy label. Up to A+++ on Perfera, Stylish and Emura; the label can differ per capacity.

Capacity & room size

Capacity	Suitable up to (volume)	Floor area*	Typical room
2.0 kW	± 70 m ³	± 28 m ²	Small bedroom or study
2.5 kW	± 90 m ³	± 35 m ²	Bedroom or small room
3.5 kW	± 120 m ³	± 46 m ²	Living room (average)
4.2 kW	± 150 m ³	± 58 m ²	Large living room
5.0 kW	± 180 m ³	± 70 m ²	Large living room or open space
6.0 kW	± 215 m ³	± 83 m ²	Very large or open space
7.1 kW	± 245 m ³	± 94 m ²	Very large or high room

*Floor area is a rule of thumb at approx. 2.6 m ceiling height and average insulation. Not every model is available in every capacity; see the 'Available in' row. Best Aircotechniek will gladly make an exact calculation for your home.

A solution for every home

Beyond wall-mounted models

Does a wall-mounted model not fit, or do you want to cover several rooms? Daikin offers more configurations. We advise what works best in your situation.

Multi-split

Multiple indoor units on one outdoor unit, ideal for several rooms.

Floor-standing

Standing unit, convenient where wall space is limited.

How it works at Best Aircotechniek

1

Free advice

We assess your situation and advise the right model and capacity.

2

Clear quote

A clear all-in price, without surprises.

3

Professional installation

Certified (F-gas) installation, neatly finished.

4

Warranty & maintenance

Installation warranty and yearly maintenance available.
